

GRANGE HALL

The elegant Grange Hall opens onto the garden courtyard and is the hotel's largest private room, seating up to 80 guests. Heavy silk curtains can be used to divide the space into more intimate spaces, and floor-to-ceiling plantation shutters allow for ample natural light or darkness for video presentations. The Grange Hall can be used for formal dinners catered by Dry Creek Kitchen, or for meetings, and has a drop down screen and full audiovisual presentation capabilities.

Hotel Healdsburg offers a broad range of meeting and special event spaces for executive board meetings, wedding celebrations, wine tastings, lectures and other occasions. All facilities have natural lighting and are conveniently located on the ground floor built around the Hotel's interior courtyard and gardens.

All meeting rooms feature high-speed internet connections and full audiovisual capabilities are available. In addition, Hotel Healdsburg has numerous comfortable indoor and outdoor break out areas for more informal meetings.
